All prices displayed on our website are subject to change at any time without prior notice. Airfare is only guaranteed once the purchase has been completed and the tickets have been issued. Airlines and other travel suppliers may change their prices without notice. If a price increase occurs after you have made a reservation that affects your travel package, we will notify you of the price increase before taking any further steps. However, no price increases will affect your travel package once your reservation has been finalized. All reservations are non-refundable unless otherwise stated. If you find that you must cancel a reservation for any reason, please contact us. We will do all we can to assist you in this process. However, please be aware that even if your cancellation is allowed and your reservation is thus refundable, it may be subject to an administrative cancellation fee of USD 200.00 per passenger for international flights, USD 300.00 for trans- border flights between USA and the Canada and USD 150.00 for domestic flights.

For US bookings, even if your ticket is nonrefundable:

- Within same day midnight you may cancel your booking, "subject to our cancellation fees".

If you need to make a change to your reservation and that change is allowed, please be aware that such change is subject to a fee of \$150.00 per passenger for domestic flights, \$200.00 for trans-border flights and \$300.00 for all other flights. There may also be fees or differences in price charged by any third-party suppliers (e.g., airlines, hotels, cruise lines, etc.) included in your reservation.

Please be aware that once you have made a reservation, name changes are not allowed. If you find you need to change or correct the spelling of a name after you've made a reservation, you will have to cancel

your original reservation—if allowed—and then make a new reservation with a new flight at the then-current rate using the correct spelling of the name. This will likely incur fees and penalties. Therefore, it is imperative—and your responsibility—to verify the spelling of the names of all passengers before making your reservation.

The rate applied on the date of issuance of the ticket is only valid for a ticket fully utilized and in the sequential order of flight segments on the dates indicated. Improper use may void the ticket and result in cancellation of the entire trip.

Pricing is displayed in US currency.

PAYMENT AND FLIGHT INFORMATION AND CONFIRMATION

Some banks and credit card companies charge a fee for international transactions. They will appear on your credit or bank card statement as a foreign or international transaction fee. For example, if you make a travel reservation through our website from outside the United States using a U.S. credit card, your bank may convert the payment amount to your local currency and may charge you a fee for the conversion. The amount of the charge appearing on your credit or bank card statement may be in your local currency and different than the purchase amount shown on the billing summary page for the reservation.

In addition, a foreign transaction fee may be assessed if the bank that issued your credit card is located outside the United States.

Booking international travel through our website may be considered an international transaction by the bank or credit card company since company may pass your payment on to an international travel supplier.

Your bank or credit card company determines the currency exchange rate and the amount of the foreign transaction fee on the day it processes the transaction. Please contact your bank or credit card company should you have any questions about these fees or the exchange rate applied to your transaction.

Booking notification: Once your purchase is complete, you should receive an email titled “Booking Notification.” Your booking may provide you with a confirmation number before a ticket has been issued. If this is the case, the booking process is not complete and the fare is subject to change until a ticket is issued.

Once your ticket has been issued, you should receive your electronic ticket.

We strongly recommend that you re-confirm your flight reservation with the airline 24 hours prior to departure for domestic flights, and 72 hours prior to departure for international flights.

Booking Amendments and Charges

Booking made on us may have some charges that are being charged as per the directive of airline. The charges may vary by flight and booking class. The amendment fee may also vary by airline to airline, flight and booking class. All changes must be made at least 72 hours prior to the departure date. Time duration can be different from airline to airline; therefore, it is advised to cross check it with customer support for accurate information.

Cancel & Exchange

Most of the aircraft tickets are non-refundable. In some situations where the carrier allows cancellation, then a credit might be considerable against future ticket by same traveler on the same airlines. The airlines have their own policy of credit termination date, which can't be utilized after its expiry. So, in case of

cancellation, we request customers to examine the limitations with customer service specialist. Cancellation of tickets must be done before flight takes off else, we don't assure or promise for any cancellation. If you are already preparing to make a new reservation and wish to utilize the airline credit, then you will be required to bear the difference in the fare if applicable. Such kind of strategies and policies are made by the management of carriers, which are not in our control.

We can accept refund requests only if the following conditions have been met:

- You have applied for a cancellation and refund with us and if the fare rules provide for cancellation and refunds;
- You are not a 'no show' (most 'no show' bookings are in-eligible for any waiver from suppliers for refund processing); and
- We are able to secure waivers from suppliers to process this requested cancellation and refund.

We are unable to provide a specific time line for how long it may take for this requested refund to be processed. All refund requests are processed in a sequential format. Once you have provided our customer service agent with your cancellation request, we will then send you an email notification that your request has been received. This notification does not automatically qualify you for a refund. This only provides you with an acknowledgement of your request and provides you with a tracking number. Upon receipt of your request, we will work with the suppliers such as airlines, hotels, car-rental companies to generate a waiver based on airline and other supplier rules and notify you of the supplier decision. Our services fees associated with the original travel reservation or booking are not refundable. Please note that we are dependent on the suppliers for receiving the requested refunds. Once the refund has been approved by the supplier it may take additional time for this to appear on your credit card statement. Generally, all suppliers will charge a penalty for refund. This entire process may take 60-90 days from receipt of your request to receiving credit on your statement. Apart from the airlines and other suppliers refund penalties, Company will charge a post-ticketing services fee, as applicable. All refund fees are charged on per-passenger, per-ticket basis. These fees will only be assessed if a refund has been authorized by the supplier or a waiver has been received and when the airline/supplier rules permit such refunds. If such refund is not processed by the supplier, we will refund you our post-ticketing service fees applicable to your agent assisted refund request, but not our booking fees for the original travel reservation or booking.

The company accept request under some of the guidelines such as follows:

- If the ticketing fare rules will allow the cancellation on a particular booking, then only request will be accepted.
- You should not be a NO SHOW passenger. In case, you are a NO SHOW and you are not allowed to board the airline, then you are not eligible for refund.
- If refund is processed, it maximum takes up to 21 working days.

Payment Policy

- We accept credit cards and debit cards of major countries including US, Canada etc.
- All costs appear in U.S. dollars.
- We may accept payment into two separate transactions which includes Airline Base Fare and Taxes. However, aggregate sum will be same as advised to people.
